

## INDIVIDUAL RETREATS FOR MUREEDS

# Saj Inayat

*Utterly Personal* COMPLETELY DIVINE

A profound sense of fruition is emerging from my almost 40 years of experience with retreats. There has been searching, growing, experimenting, learning and unlearning, rising and falling, losing and gaining, and most important, keeping the zikr flame burning consistently. I am delighted to now be able to offer the fruits of this journey with others on the Sufi path.

Spiritual retreat provides an opportunity to dive deeply within and know oneself afresh, to discover the boundless dimension of one's essential nature. The retreat process contains all of one's life, the dark and the light, in one luminous whole.

The format is a combination of the alchemical transformation process, traditional Sufi practices, and personal inquiry, with each retreat specifically designed for the individual. Personal guidance is offered daily to help one attune to the essence of one's soul and work with the ego structures that block the spontaneous flow of the divine qualities in one's being.

The Hurkalya Center, a residence in Petaluma, California approximately one hour north of San Francisco, has retreat rooms for three to 21 day individually guided retreats. The rooms are attractive, airy and surrounded by trees in a quiet suburban neighborhood. Simple meals are provided. Some rooms have access to a kitchen if you have special dietary needs.

Retreats can also be conducted via phone or Skype if you are unable to travel. Please ask about these formats. Retreat fees range from \$90 - \$150 per day depending on the format chosen, with a small price reduction for longer retreats
